## **Detailed Action**

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims #16-19 are rejected under 35 U.S.C. 102(b) as being anticipated by Chang et al. (U.S. Pat. No. 6,350,694 B1, Pub. Date 02/26/02, Filed 03/22/01).

The Examiner has considered the arguments received from the applicant on October 13, 2006, but has not found them persuasive. Chang indeed does describe using a plasma etching process to remove metal particles that may have been deposited during CMP process. The applicant is directed to the recited areas listed in the previous rejection (column 2, lines 63-67; column 3, lines 1-15; column 7, lines 10-30). For these reasons, the Examiner takes the position that the rejection was proper.

### ***Allowable Subject Matter***

Claims #1-10 and 12-15 are allowed.

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
